

MAS *Solar* **EPC**

Company Profile 2026 – 2027

Company Introduction

- MAS Solar EPC Private Limited was established with a vision to deliver reliable and sustainable renewable energy solutions for residential, commercial, and industrial sectors.
- The company specializes in Engineering, Procurement, and Construction (EPC) services for solar power projects, offering high-quality rooftop solar, ground-mounted solar, and energy storage solutions across Tamil Nadu.
- MAS Solar EPC Private Limited is committed to promoting clean energy adoption through innovative technology, professional project execution, and customer-focused solar solutions.

Our

Vision, Mission, Goal

Vision

Deliver renewable energy solutions that delight customers and create shareholder value.

Mission

Become a world class solar energy manufacturer and solutions provider with affordable prices globally

Goal

Aim to lead the solar power industry and achieve ₹10000 crore turnovers with 500 happy employees and 500 satisfied Customers by 2030

Director Keynote

- Since inception from the year 2010 MAS Solar EPC Private Limited is fully committed to emerge pioneer in solar products. We have seen very steady growth years except Covid 19 period and it reminds me that how we have maneuvered those situation to sustain our business .I am really proud to be having candid attitude employees, elite customers, noble supply partners and encouraging directors during difficult time. Currently we have expanded our business largely in Megawatt Ground Mounted portfolio to achieve our ambitious growth plan before the year 2025. With all your support and blessings of our esteemed customers, Mas Solar will achieve these target easily.

Managing Director

Accomplishment

2010

Company
Incorporation

2011

Started Manufacturing
Solar Water Heater

2012

Started Manufacturing
Solar Street Light

2013

Started Manufacturing
Solar Off Grid Power

2014

Added Solar
Water Pump
Manufacturing

2015

Started our
PV Modules
Manufacturing Unit

2016

Successfully launched
our first Government Tender
Projects

2017

Solar Integrated for
Solar on grid Power Plant

2018

Started our solar
services for other brands
under AMC

2019,2020

Successfully implemented
a rooftop megawatt project

2021

Started Ground
Mounted Megawatt
Projects

2022

Successfully
Commissioned our first
Ground Mounted Project

2023

10
MW

Successfully
Installed 10 Megawatt
Projects.

2024

34
MW

Successfully reached
34 Ground Mounted
Megawatts

2025

Successfully Completed
80 Megawatt Projects
and come up with Battery
Energy Storage System (BESS)

2026

Started Manufacturing Battery
Energy Storage System and
come up with Windmill.
